- B. The students must assemble the images on a wall poster.
- C. The students must select and edit digital images that illustrate the theme or the event.
- D. The students must split into small groups and each group must identify a theme or a historical event.

Correct Answer: C

---

### QUESTION 3

As an extension activity to the planned learning activity, you ask some of the students to contact external experts to gather additional information about the historical events.

You want to ensure that the students use an appropriate means of communication when they contact the experts.

What should you advise the students to use?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. their personal mobile phone
- B. an anonymous online forum
- C. a generic email account of the school
- D. their social network account

Correct Answer: C

---

#### QUESTION 4

How does giving each student their own laptop enhance collaborative learning?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. The students can digitally share their work and their ideas.
- B. The students can connect with their peers outside of the classroom without being interrupted by the teachers.
- C. The students will feel free to exchange their views with one another anonymously during lessons.
- D. The students can work together without any guidance from a teacher.

Correct Answer: A

---

#### QUESTION 5

You are preparing to teach the second mathematics lesson.

Which two tasks should you perform to ensure that the students benefit most from working in the computer lab? (Each correct answer presents part of the solution. Choose two.)

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Verify that the Internet connection is only available on the teacher's computer.
- B. Verify that the printer has enough paper.
- C. Ensure that the data projector works.
- D. Verify that the computers have the appropriate software installed.
- E. Ensure that the USB drives have free space available.

Correct Answer: CD

---

**QUESTION 6**

What is the primary benefit of increasing the use of ICT resources during the history lessons?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. The students will have access to a greater range of learning resources.
- B. The students will more easily and quickly submit their assignments.
- C. The students will stay on task throughout the lessons.
- D. The students will deliver assignments that are clearer and more presentable.

Correct Answer: A

---

**QUESTION 7**

You want to address the ICT Competency Framework for Teachers (ICT-CFT) policy goals by using the school's limited ICT resources.

What should you do?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Ask the students to use their computers at home.
- B. Have the students work in collaborative groups.
- C. Ask the students to use their mobile devices.
- D. Have the more confident students use the computers while the other students observe them.

Correct Answer: B

---

**QUESTION 8**

In addition to learning about symmetry, how else should the students benefit from using ICT during the second mathematics lesson?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. ICT will teach them data entry skills.
- B. ICT will teach them computer programming skills.
- C. ICT will help them develop presentation skills.
- D. ICT will help them develop collaboration skills.

Correct Answer: D

---

**QUESTION 9**

You are a teacher at a secondary school. You have 30 students in your class. Your classroom contains 10 laptop computers.

You plan a project for the students. You will provide the students with information in three different formats: audio recordings, photographs, and printed documents. The students must combine the information to produce graphs and charts in a detailed report.

What is the best way to organize the project?

- A. Divide the project into a series of separate tasks. Allocate each task to a different student. Ask all of the students to create their own detailed report.
- B. Create a rotation schedule for the classroom computers. Ask every student to use their turn on the computer to produce their own detailed report.
- C. Provide all of the information to all of the students. Ask every student to explain how they will achieve the goals of the project.
- D. Divide the class into 10 groups.

Ask the groups to work collaboratively to assemble the detailed report.

Correct Answer: D

---

**QUESTION 10**

One of your students has poor hearing.

You want to ensure that the student has the opportunity to interact with the farmer during the video-conference.

What should you do?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. After the video-conference, have the other students explain the key points of the conference to the student.
- B. Before the video-conference, have the student submit questions in writing.
- C. Manipulate the seating arrangement.
- D. Record the audio portion of the video-conference for further listening.

Correct Answer: C

---

**QUESTION 11**

You have used Information and Communication Technology (ICT) successfully in the classroom for several years.

A new teacher at the school says that she has had little opportunity to use ICT in the classroom. She wants to make use of the computer lab in her teaching.

What advice would you give her?

- A. Ensure that the planned activities are easy for the students.
- B. Ensure that the planned activities are fun for the students.
- C. Ensure that the planned activities are suitable for the learning objectives.
- D. Ensure that the students understand how ICT will be used to complete their activities.

Correct Answer: C

---

### QUESTION 12

The parents worry that the students will be distracted if they use their laptop during the lessons.

What should you tell the parents to reassure them that this will not occur?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. The teacher will send the students out of the classroom if they misuse their laptop.
- B. The teacher will confiscate the laptops if the students misuse them.
- C. The teacher will ensure that all of the lessons incorporate the use of a laptop.
- D. The teacher will only allow the use of the laptops during lessons that specifically benefit from the use of ICT resources.

Correct Answer: D

---

### QUESTION 13

You want to improve the students' research skills by using ICT resources. The solution must help meet the school's organizational goals.

What should you do?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Tell the students to search for information on the Internet.
- B. Give the students a list of Internet links to sites about acid rain.
- C. Give the students printed Web pages about acid rain.
- D. Work with the students to create a list of search terms.

Correct Answer: D

---
